

Título da Música: Static Phase

Needless to say, I'm caught in the haze Watching the clock just to count all the ways You're a bad-bad, but I'm still in a maze Lost in the static, just chasing the phase. Thinking in a bad way, losing my grip Screaming at the stars, baby, don't trip Everything's sideways, the party's on tilt Built on the moments, and all that we built.

Every time I'm leaving on ya You don't make it easy, no I can hear you tellin' me to turn around Even if we gotta risk it all right now.

And you'll be left in the dust Unless I stuck by ya You're the sunflower I think your love would be too much. Or you'll be left in the dust Unless I stuck by ya You're the sunflower In every moment, yeah.

Seasons changed and our love went cold Feed the flame 'cause we can't let go I know you're scared of the unknown But you don't wanna be alone. I got a feeling that it's time to let go Run away, but we're running in circles I dare you to do something, anything Instead of just waiting for the bells to ring.

I know I always come and go But it's out of my control What you got to lose? Make up your mind, what you gonna do? (Ooh, ooh, ooh)

And you'll be left in the dust Unless I stuck by ya You're the sunflower I think your love would be too much. Or you'll be left in the dust Unless I stuck by ya You're the sunflower You're the sunflower.
